Michigan 2-1-1 is available 24/7/365 to connect you with help of all kinds, like housing support to financial assistance. Just enter your county to start. Michigan 2-1-1 is an easy way to connect with help of all kinds, right in your community. Need help with food, housing, or paying bills? Need support in a family crisis or community disaster? They are here for you. Any time. All the time. Just call, text, or search online and get connected. Last year Michigan 2-1-1 helped 500,000+ people find the help they need, fast. Visit mi211.org

The Food Bank of Eastern Michigan assists hungry individuals and families throughout eastern Michigan in many ways. The Food Bank is a key source of food in our 22 county service area for a network of "partner agencies" serving those struggling to afford food. Many of these partner agencies are food pantries, enabling people to pick up and receive an assortment of basic food and grocery supplies.

Close Contacts

- I live with or am caring for someone with COVID-19
- Someone that has COVID-19 coughed or sneezed on me
- I think my coworker has COVID-19
- I think someone I know has COVID-19

You should self quarantine and monitor yourself for symptoms. The local health department may ask you to do so.*

You do not need to self quarantine, but it is a good idea to be vigilant and monitor yourself for symptoms.

Have you developed symptoms of respiratory illness such as fever, cough, or shortness of breath?

YES

Are you having **severe symptoms** like difficulty breathing, persistent pain or pressure in the chest, new confusion or inability to arouse or bluish lips or face?

YES → Seek immediate medical attention.

NO → Contact your health care provider to discuss your symptoms.

NO

Continue to monitor yourself for symptoms.

HOW DO I MONITOR MYSELF?
Pay attention for COVID-19 symptoms:
• Fever
• Cough
• Shortness of Breath
If you are concerned about your health, contact your health care provider.

If your doctor decides you should be tested for COVID-19, your health care provider can order testing for you.

Health care provider takes a sample → Sample is sent to a laboratory for testing → Laboratory sends result to health care provider → Health care provider informs patient of result. The state health department will not provide results.

*Quarantine process for general public, does not specifically apply to health care workers.
