Summertime Family Fun!

Summertime is a great time to be outdoors as a family to enjoy the warm sunny days and long cool evenings together. Making memories as a family will last a lifetime, and for children, they always enjoy talking about their summer memories with their family and friends.

With the price of gasoline going higher, families may be choosing to stay closer to home this summer. If you choose to stay close to home, there are so many fun things to do and places to go that will make lasting memories for you and your family.

A day at a local beach can be relaxing and a lot of fun for the whole family, plus it can be made more affordable by packing a picnic lunch. There are many nice beaches right here in Genesee County and the surrounding areas that are fun and safe for families.

- Bluebell Beach – Flint
- Buttercup Beach – Holloway Reservoir
- Clover Beach – Linden
- Silver Lake Park – Fenton
- Seven Lakes State Park – Holly
- Holly Recreation Area Heron Beach - Holly

Meet the Educare Family!

CIERA WRIGHT

Ciera has been working at Educare Flint for 4 years as a classroom support teacher. She loves to cook and enjoys Mexican food, Chinese food, and sandwiches. If she could have any superpower it would be teleportation so that she can get where she is going quickly, wouldn't that be an awesome super power to have?! Ciera loves the color purple and her favorite season of the year is spring. Her favorite book is the *Very Hungry Caterpillar* by Eric Carle.

"My favorite thing about working at Educare is watching the children grow and learn. Being able to help families and build trusting relationships with the families that will last a lifetime"

From Our Executive Director

JA'NEL JAMERSON

It's officially summer! Let's celebrate with a few fun activities to get your kiddos exploring outside, get creative, crafty, and cool down with this fun summer activity list:

- Run through the sprinkler
- Collect pebbles & create story stones
- Fly a kite
- Have a picnic
- Go camping in the backyard
- Learn how to do a cartwheel
- Make an obstacle course in the yard
- Set up an outdoor movie night
- Look for shapes in the clouds. Create stories with the shapes you see!
- Give the car a good wash with your family
